NOTES:

On this fee schedule, we are matching the Y league fees at U17 and u18, which matches the rate paid in the men's and women's leagues.

At U16 we are matching the Y league rate, which is just slightly less than referees and asst referees get paid in the adult leagues - at U16 it is felt that the game is similar to that played by adults, and we need to pay comparably.

For U15 and lower, the rate is \$5 more for referees than house games in the same age group, and the asst referee's are \$2 more than house games.
